BUYING BULBS IN ADVANCE OF THE SEASON

We believe, it will be much to your advantage to provide early for your 1929 bulb needs.

Such action on the part of the buyer enables us to anticipate requirements and take advantage of early quotations, which are almost, if not always, invariably lower than prices ruling, when shipping season opens.

A. B. C. "SUPREME" Quality Flower Seeds For Early Sowing

PETUNIAS

NEW DWARF CALIFORNIA GIANTS

"Ramona" Strain Mixed

By far the best strain of Giant Petunias for pot culture. Also exceptional for bedding. We have checked this type against many in our experimental grounds this season and consider it the most compact Giant Petunia with the largest and best formed flowers of any dwarf type of Petunia on the market today. When in full bloom, the plant shows nothing but large, colorful flowers with open throats well marked and veined. Wherever this strain has been tested it has proved all that we say of it.

Trade pkt. (1,000 seeds), \$1.00;
½ oz., \$5.00.

DOUBLE PETUNIA ROSY MORN

This beautiful small flowered double pink petunia has come into the greatest favor. However, since seed produces only a nominal number of double flowers, it is well to sow early and take cuttings from the true double. The single flowers are invariably equal to high class Rosy Morn, consequently the crop is all available. Pkt., \$1.00; 6 pkts., \$5.00.

The "De Luxe" of Double Petunia Mixtures

We take considerable pride in offering SHEPHERD'S DOUBLE "SEED-PRODUCING" STRAIN OF PETUNIAS. They have never been surpassed in beauty, size, form or color—if ever equaled. Selection of every flower was made with the greatest care and thought and the results are a surprise to the world. It would be impossible to describe at length the many varieties in form and color, pink, snowy white, violet, lavender, mauve, crimson, plain and shaded with variegations in all these shades innumerable. Many of the flowers measure 5 inches across—none less than 3. They are fluted, ruffled and pinked. The combinations of color are exceedingly strange and beautiful.

This wonderful strain will without doubt revolutionize the growing of double petunias as the same not infrequently produces fully seventy-five per cent of very large double flowers in all colors, and with a high percentage of germination.

Petunias for Mother's Day

Well grown Petunias, especially double-flowered varieties and "Theodosia" are now to be classed as a most important plant for Mother's Day sales. Easily produced and providing quick profit. We beg to call particular attention to A. B. C. Double-Flowered "Seed-Producing" Strain, positively the "last word" in double-flowering Petunias.

"Is it possible that the Petunia will displace the geranium as a window box, lawn vase and bedding plant? Although geraniums are in oversupply almost everywhere this season, Petunias are scarce, even though nearly all the growers of bedding plants started more Petunia seed this year than ever before."—Excerpt from Florists' Review, June 7, 1928.

American Bulb Company,
Chicago, Ill.

May 24, 1928.

Dear Sirs:

Your petunias are certainly a knockout, especially "Theodosia." We had over three thousand petunias all from A. B. C. seed, and at this date, May 24th, we have not a single one left for Memorial Day. The retail price these petunias are bringing is 35c from 4-inch pots, which beats Geraniums to a standstill. Petunia seed from A. B. C. for me always.

Yours truly,

JOHN HAUPRICHT,
Station C,
Route 3, Box 268
Toledo, Ohio.

Note: We supply originator's seed of petunia "Theodosia." There is no substitute for this exceptional variety.

CALENDULAS SOW NOW

Fritz Bahr states in The Florists' Exchange:

"For the Winter and Early Spring months, I don't know a better Catch Crop than Calendulas."

A. B. C. IMPROVED SENSATION

"The Calendula of the Hour"

If Calendulas fit into your scheme of cultures you will eventually plant A. B. C. IMPROVED SENSATION, which is unquestionably the most valuable of all orange-colored Calendulas on the market to-day—introduced last year by The American Bulb Company and it has truly "taken the trade by storm," as it were.

Price: Trade Pkt., 50c; ¼ oz., \$1.00; ½ oz., \$1.75; 1 oz., \$3.00; 2 ozs., \$5.00; 4 ozs., \$9.00; 8 ozs., \$16.00.

Radio. An entirely distinct and new form of Calendula. The flowers are brilliant orange, globular in shape and the quilled petals, which are the chief feature, present an extremely striking appearance. Introduction of Hurst, England. Trade Pkt., \$1.00; 1 oz., \$3.00.

Ball's Orange. Deep glowing orange.

Ball's Gold. Deep golden yellow, of extra size and extra long stem.

Ball's Supreme. Light orange with a rich dark brown eye. Not extra large but more freely produced.

Ball's Long Orange. (New). An orange selection from our Gold. Identical in growth and shape with our Gold.

Ball's White. (New). A selection from Supreme. Creamy white color with a dark center. Not a strong grower but a most attractive color.

We have a complete supply of these five Ball Calendulas in George Ball's original sealed packets. All are priced at: Trade Pkt., 50c; ¼ oz., \$1.00; ½ oz., \$1.75; 1 oz., \$3.00; 2 ozs., \$5.00; 4 ozs., \$9.00; 8 ozs., \$16.00.

FORGET-ME-NOT—"Susanne"

Excerpt from Florists' Review

"A pot plant of a new early-flowering Myosotis has been attracting great attention in the window of the A.B.C. Day after day members of the trade stop, look and enter to inquire. Several persons outside the trade have asked if they could buy the plant, only to be told that it was an 'exhibit' and not for sale. It is perhaps the finest Forget-Me-Not to date. In addition to selling well in a cut state, it makes a splendid pot plant, but its chief value lies in its early-blooming habit."

Price per pkt., \$1.00; 6 pkts., \$5.00.
